

Metal Closure Programme

Deep Twist-Off® Closure

Printing on the skirt of the cap can be used for sales-promotion, image-building product presentation to give the products an edge over the competition. Consumers will recognise the brand or flavour of the product more easily from the printed, deep-drawn Twist-Off® closure. The deeper skirt makes the closure easier to open and reseal. The combination of Twist-Off® technology with the closure's attractive appearance, together with the additional convenience benefits of this closure type, have convinced fillers and consumers during a handling test.

Possible Applications

➤ **Deep-drawn narrow mouth closures for hot and cold fill applications:**

Beverages, ketchup, salad sauces, seasonings, vinegar

➤ **Deep-drawn wide-mouth closures for hot fill, pasteurisation, sterilisation:**

Jam, delicatessen, sauces, soups, convenience meals, instant products

➤ **Possible combinations:**

Deep-drawn narrow and wide mouth closures are available in various skirt heights

➤ **With button:**

Where suitable for the product

This closure incorporates the well-known benefits of Twist-Off® technology and provides more scope for graphic design on the skirt of the cap.
